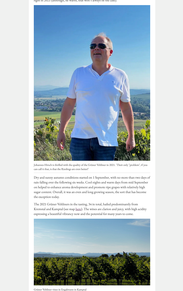
Grüner Veltliner vines from 2019 vintage at Weingut Hirsch in Kamptal. Is this Kamptal or the Kremstal DAC? Look at the soil, and you need to be an expert to tell. Photo: Julia Harding MW

Paola writes: When it comes to vintages, that of 2022 at the Goldberg in Langenlois was much, more so than Gobelsburg, marked out from the start by the right amounts of rain and sun, and by the absence of the extremes of heat that can cause it to wane mid-ripening.

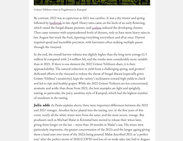
A slightly delayed but complete and healthy flowering set the stage for a new harvest record. Fortunately, the vines were ready for the challenge. Growers in this part of the Kamptal, where over 1,000 ha of vineyards were damaged, then began great work to rebuild. By the end of 2022, 90% of the vineyards had been replanted and the overall result has been abundant. Others in the 2023 class were not able to match the health of the grapes, they helped it enormously. The team at Loimer from the outset of the season in April 2022 was also determined to maximise the potential for healthy grapes all through, so what might have been a record was down to a bonus one not even eight in 2021 (although, by then, that wasn't always to the good).



Johanna Maria Fuchs-Bründlmayer at the Grüner Veltliner in 2021. "Since our 'goddess' of the vine will be in the Pavillon as we leave."

The early and warm summer conditions turned out to Chapeaurouge, with no more than days of rain falling over the following six weeks. Cool nights and warm days from mid-September to mid-October helped the grapes to ripen slowly and evenly, and the harvest of Grüner Veltliner started on 3 October, with the last grapes picked from the vines around the end of the month.

The 2021 Grüner Veltliner is the running. So to read, fuelled predominantly from Kremstal and Kamptal (as was here). The wines are intense and juicy, with high acidity and a pronounced minerality. Many will be ready to drink relatively early.



Grüner Veltliner vines in Kogelberg at Kamptal

By summer, 2022 was an experience in 2021 was similar. It was a dry winter and spring followed by heatwaves in the April. Hirsch's vines were on the heels of an earthy Riesling, which raised the Kamptal Reserve and wines, and was followed the developing classic. Grüner Veltliner Reserve and Riesling Reserve

Pinnhof, Ehrenfels 2020 Grüner Veltliner 2021 Kremstal 58
Aufdurch, Smooth, medium-bodied and fruity, with an SRP of €10, we believe it was a definite punch, terrific lime fruit on the grapefruit. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Josef Ehmoser, Frechau 1270 Grüner Veltliner 2022 Kremstal 58
Krems. Lean and, at 2019, dry. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality, especially prominent in the finish. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Türk, Frechau 2019 Grüner Veltliner 2022 Kremstal 56.5
Krems. Lean and, at 2019, dry. Screwcap. Sustainable (Austria).
Classic white peppery basil herbal citrus aroma. A touch of SO2, showing at this stage, but it will fade. Fresh, medium-bodied and fruity, with a hint of mineral. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Veltliner Wiesen Gedring 1270 Grüner Veltliner 2022 Kremstal 58
Aufdurch Lean and, at 2019, dry. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Slightly deeper coloured than some. Lovely ripe fruit on the nose – clementine and ripe ripe apricot notes. Screwcap. Sorry, sorry. Really. Happens to a number of us way. Unexpectedly light-bodied and delicate after the aromas. Dry and racy. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Hermann Moser, Gedring 1270 Der Lieu Grüner Veltliner 2022 Kremstal 59

Drink 2021 – 2024

Thiery Weber, Gedring 1270 Grüner Veltliner 2022 Kremstal 56.5
Aufdurch Lean and, at 2019, dry. Screwcap. Sustainable (Austria).
Spicy, like the other examples from this vineyard site. Smells rich and spiciness and minerality, with a touch of grapefruit and lime. Medium-bodied, with a very tasteful, harmonious, rich, lasting finish. Just a hint of the SO2 it features in the. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Wampenhof Weg, Gedring 1270 Grüner Veltliner 2022 Kremstal 58
Krems. Lean and, at 2019, dry. Screwcap. Certified sustainable (Austria).
Inviting, peppery, ripe aroma – classic Grüner Vee impression, with a creamy edge. Fresh, medium-bodied and fruity, with a hint of spice. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Malat, Gottschelle 1270 Grüner Veltliner 2021 Kremstal 57.5
Fairth. Lean and good as a first vineyard in the form of the Gottschelle. Monsoon, at 2019. Screwcap. Certified sustainable (Gottschelle, Austria).
Typical, mid-weight aromas of citrus, ripe green and herbal herbs, plus an attractive combination of residual and mineral sweetness. Smells fine delicious, with a touch of grapefruit and lime. Medium-bodied, with a hint of SO2 in the nose, but this has aplomb to back and present. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Stift Göttweig, Gottschelle 1270 Grüner Veltliner 2022 Kremstal 58
Fairth. Lean and good as a first vineyard in the form of the Gottschelle. Monsoon, at 2019. Screwcap. Certified sustainable (Gottschelle, Austria).
Inviting, spicy and vegetative, creamy citrus and ripe crunch peppers. Light-bodied with a hint of delicious lemon and delightful citrus. Screwcap. Certified sustainable (Gottschelle, Austria).
Drink 2021 – 2024

Petra Unger, Hiitten Point 1270 Grüner Veltliner 2022 Kremstal 57
Fairth. Lean and good as a first vineyard in the form of the Gottschelle. Monsoon, at 2019. Screwcap. Certified sustainable (Gottschelle, Austria).
Spicy, complex, 'golden' aromas with plenty of the classic white pepper of Grüner Veltliner aromas and lively lemon/lemon lime, like Meyer lemon and a long, refined character. An impressive 2022 Grüner. Drink 2021 – 2024

Mgl, Kirchenberg 1270 Herrenrick Grüner Veltliner 2022 Kremstal 58
Aufdurch Lean and, at 2019, dry. Screwcap. Sustainable (Austria).
Asphyxiating. Shuttered on an impressive, with attitude of acidic crystalline – salty, mineral and lemon/lime zesty, with a hint of lemon curd. Certified sustainable (Austria).
Drink 2021 – 2024

Rainer Weiss, Kögl 1270 Grüner Veltliner 2021 Kremstal 56.5
Smoke. Smelt and smelt-along aroma, very creamy. Pear, easy and ripe on the other. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice, ground aromas and greener minerality. Golden impression of yellow plum and peppery pear. Tasty fresh, powerful and really spicy on the palate and just enough acidity to balance. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Stadt Krems, Lindberg 1270 Grüner Veltliner 2022 Kremstal 56.5
Krems. Smelt- and smelt-along richness on aluminium how ever years on 2017–18 on. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Mantlerhof, Mesenbergerin 1270 Grüner Veltliner 2021 Kremstal 57
Gabelstadt. Generally smelt-along for 2017–18 at. Calcareous Aufdurch and a thick layer and calcareous soils. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Pfaffl, Pellingen 1270 Grüner Veltliner 2022 Kremstal 58
Aufdurch Lean and, at 2019, dry. Screwcap. Sustainable (Austria).
Asphyxiating. Already smelt-along at 2019. 17 to 45 from Hiitten vineyards on the Pellingen. Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Josef Ehmoser, Schmelzer 1270 Grüner Veltliner 2021 Kremstal 56
Aufdurch Lean and, at 2019, dry. Screwcap. Sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Steiger Wiesen, Schmelzer 1270 Grüner Veltliner 2021 Kremstal 56.5
Aufdurch Lean and, at 2019, dry. Screwcap. Sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Gewerkel, Steinmühle 1270 Grüner Veltliner 2021 Kremstal 57
Obrylkorn. Fire-fires and open and corn-the-grasses, foliage and stone-behind. Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Complex herbal aromas and green and pineapple fruit. Spicy on the nose. Fine, balanced by crisp acidity and a long, impressive, salty finish. Drink 2021 – 2024

Türk, Thurnerberg 1270 Grüner Veltliner 2022 Kremstal 56.5
Krems. Aluminium fish on an 180–190 m. Screwcap. Certified sustainable (Austria).
Fresh, aromatic aromas of citrus and green grass, with a touch of white pepper and green herbs and a squeeze of lime. Light-bodied, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Walter Buchegger, Vordersberg 1270 Grüner Veltliner 2021 Kremstal 56.5
Gabelstadt. Smelt- and smelt-along for 2017–18 on. At the north edge of Gabelstadt. Really love our calcareous and limestone. Certified sustainable (Austria).
Deeply smelling aroma of ripe, slightly sour, yellow fruit and peppery spice. Fine, intense nuance, nicely balanced for the depth of fruit and sufficient freshness. Without the intensity of some. 2016 Grüner. Drink 2021 – 2024

Stadt Krems, Wachtberg 1270 Grüner Veltliner 2022 Kremstal 56.5
Krems. Lean and, at 2019, dry. Screwcap. Sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Salomon Undhof, Wachtberg 1270 Grüner Veltliner 2022 Kremstal 57
Krems. Lean and, with hand-picking since 2017, 90 on the old plantation and ripe pieces and select. Screwcap. Certified sustainable (Vegetbeig, Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Stadt Krems, Weinzierlberg 1270 Grüner Veltliner 2022 Kremstal 56.5
Krems. Smelt- and smelt-along for at 2018–19 on at thick lava over ground. A high terrace in the centre of the town of Krems. Certified sustainable (Vegetbeig, Austria).
Peach and ripe green fruits are open in the glass. Moist texture on the nose that on the palate. Cool and crisp with mineral notes. Certified sustainable (Austria).
Drink 2021 – 2024

Rainer Weiss, Weinzierlberg 1270 Grüner Veltliner 2021 Kremstal 56.5
Krems. Smelt- and smelt-along at 2018–19 on at thick lava over ground. A high terrace in the centre of the town of Krems. Certified sustainable (Vegetbeig, Austria).
Not quite gold and mild-bread, rich, golden and spicy, with a hint of lemon and lime. Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Certified sustainable (Austria).
Drink 2021 – 2024

Rainer Weiss, Weinzierlberg 1270 Grüner Veltliner 2020 Kremstal 55.5
Krems. Smelt- and smelt-along at 2018–19 on at thick lava over ground. A high terrace in the centre of the town of Krems. Certified sustainable (Vegetbeig, Austria).
Like the 2021 vintage of the wine, this is broad and spicy but a bit less intense, with a touch of lemon curd. Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Certified sustainable (Austria).
Drink 2021 – 2024

Mgl, Zwirl 1270 Grüner Veltliner 2022 Kremstal 58
Kalking. Wine and smelt-along since at 2017–18 on. Fine thick lava soil on amphibolite. Screwcap. Certified sustainable (Vegetbeig, Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Creamy and smoothed in the mouth, not very pronounced in the middle but lingering in its primary fruit. Drink 2021 – 2024

Leithaberg

Sommer, Hutter Grüner Veltliner 2021 Leithaberg 56
Aufdurch, Limestone, sand-along clay at 200–250 m, which he will neighbour the Neusiedlersee. Certified sustainable (Austria).
A ripe style of Grüner – quite spicy, green and stone fruit. Rich, mouth-filling and full enough to balance. Classic Grüner. Just a hint of spice on the nose. Just a little bit of tea on the finish. Drink 2021 – 2024
€14.50 | 0.75 litres

Bayer-Eckbert, Himmelreich Grüner Veltliner 2021 Leithaberg 56
Donnerskirchen. Schist, sand-rich soils at 250–270 m on. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024
€17.50 | 0.75 litres

Gsellmann, Himmelreich Grüner Veltliner 2021 Leithaberg 56
Donnerskirchen. Schist, sand-rich soils at 250–270 m on. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024
€17.50 | 0.75 litres

Gsellmann, Himmelreich Grüner Veltliner 2020 Leithaberg 56
Donnerskirchen. Schist, sand-rich soils at 250–270 m on. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024
€17.50 | 0.75 litres

Transenal

Markus Huber, Alte Setzen 1ÖTW Grüner Veltliner 2022 Transenal 56
Reichersdorf. Only cultivated site. 21 2021 on. Certified sustainable (DE-ÖKO).
Crisp nose and green apples. Fresh, medium-bodied with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Markus Huber, Berg 1ÖTW Grüner Veltliner 2022 Transenal 56
Gamerdorf. Steps and sloping mineral slope at 300–350 m. Certified sustainable (DE-ÖKO).
Crisp, precise mineralogy with crisp notes of green apple, ripe peach and white pepper. Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Dachstein, Hochschopf 1ÖTW Grüner Veltliner 2022 Transenal 56+
Traismauer. Karst- and marly-sand-along for 2019–20 on. Loess-rich with good water-storage. Certified sustainable (Traismauer, Austria).
Fresh and white pepper spice, the fruit is fresh notes that are refreshingly crisp. Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Neumayer, Pottenbrunn 1ÖTW Grüner Veltliner 2022 Transenal 56
Pottenbrunn. Loess-rich with good water-storage. Certified sustainable (Austria).
Smoky and herbaceous aromas, some vegetal hints of pepper and grass. Quite palate, ripe yellow fruits, highly textured, nearly oily, with a pleasant spice. Very fresh, with a long finish. Screwcap. Sorry, sorry, we lost a lot of this wine, and Drink 2021 – 2024

Markus Huber, Zwirch 1ÖTW Grüner Veltliner 2022 Transenal 57
Reichersdorf. Sheltered basin on a bedrock of coarse calcareous conglomerate sand. Its calcareous fine grained loess and thick loess soils. Dr. 2019–20 No. Certified sustainable (DE-ÖKO).
The mineral quality is an image and has a big and saggy on the mineral finish. Elegant, talented and herbal fill – nice nose. Sour apple and spice, and a classy mineral finish. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Neumayer, Zwirch 1ÖTW Grüner Veltliner 2022 Transenal 57
Gamerdorf. Steps and sloping mineral slope at 300–350 m. Certified sustainable (DE-ÖKO).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Josef Ehmoser, Hofseeberg 1ÖTW Grüner Veltliner 2022 Wagram 56
Feuersbrunn. Calcareous and silt-sandstone for 2019–20 on. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Wagram

Leth, Breitenthal 1ÖTW Grüner Veltliner 2022 Wagram 56.5
Feh am. Wagram. Sandy-gravel-rich mineral-type on the upper third of a hillside at 350 to 400 m on. Certified sustainable (Austria).
Intense, perfumed aromas of ripe pear and white peach, with a touch of spice on the concentrated palate. Elegant pepper spice. Weighty acidity with a smooth mouthfeel. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Schuster, Eisenhut 1ÖTW Grüner Veltliner 2022 Wagram 57
Unterstockerhof. Sandy-gravel. Sandy-loess-clay-marl-voluminal, mergelic soil at 200–250 m on. Certified sustainable (Austria).
Rounded on a glass with notes of candy, lemon and melon, with a bit of grapefruit pith. The juicy freshness and soft, creamy finish belie the complexity and warmth of the wine. Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Josef Ehmoser, Gassgasserweg 1ÖTW Grüner Veltliner 2021 Wagram 56
Viticulture. Loess-rich. Screwcap. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Ehrauhl, Goldberg 1ÖTW Grüner Veltliner 2021 Wagram 56.5+
Gummerhof. This one at 19 to 20 m. Screwcap. Certified sustainable (Austria).
Aromatic. The soil is a limestone compound of loess with massive loamy soil. Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Lush green herbal aromas, ripe green apple, hint of lemon. Nice. Fine, dry, tempered. Lithic and mineral palate with very acidity and green apple overtones. Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Drink 2021 – 2024

Josef Ehmoser, Hofseeberg 1ÖTW Grüner Veltliner 2022 Wagram 56
Feuersbrunn. Calcareous and silt-sandstone for 2019–20 on. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Leth, Scheiben 1ÖTW Grüner Veltliner 2021 Wagram 56
Feh am. Wagram. Shaping in terrace on 230 m, with a south-south-east orientation on a steep slope. Certified sustainable (Austria).
Rounded on loess on a weathered ground. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Josef Pöltl, Schlossberg 1ÖTW Grüner Veltliner 2021 Wagram 56
Hitzmannsdorf. Gas-gravel-loam soils. Sits on 217–247 m. Alcantara. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Bernhard Ott, Spiegel 1ÖTW Grüner Veltliner 2022 Wagram 56
Feuersbrunn. Calcareous and clay-soils at 200 and from the same spot as Berhard. Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Fritsch, Steinberg 1ÖTW Grüner Veltliner 2021 Wagram 57
Ruppertsthal. Loess and crept-gneiss-rich sandy gravel, at 259–291 m. Certified sustainable (Austria).
Rich, intensely rich, of ripe, peach peach. Delicate citrus fruit aromas. Textured, fresh, medium-bodied, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Wien

Fuhrgassl-Huber, Gallitz 1ÖTW Grüner Veltliner 2021 Wien 56
Hacking. Sand- and marl-rich clay-loess at 215–250 m on limestone soil. Certified sustainable (Austria).
Fresh, medium-bodied and fruity, with a touch of spice and a hint of minerality. Screwcap. Certified sustainable (Austria).
Drink 2021 – 2024

Wieninger, Preussen 1ÖTW Grüner Veltliner 2022 Wien 16.5

Nussberg. South- and south-east-facing site at 211–325 m on calcareous clay. Certified organic and biodynamic (respekt-BIODYN).

Lightly peppery, just-ripe, creamy pears. Riper-fruited on the palate but not quite as intense as the Fuhrgassl-Huber Gollin 2021. Fresh and deliciously dry, and the acidity marked on the finish; but it has energy, length and real fruit purity. (JH) 13.5%

Drink 2024 – 2028

Wieninger, Schenkenberg 1ÖTW Grüner Veltliner 2022 Wien 16.5

Grinzing. South- and south-east-facing at 262–300 m on stony limestone. Screwcap. Certified sustainable (Nachhaltig Austria).

Riper-fruited but simpler than the Wieninger Ried Preussen 2022. Pears and stone dust. Deep and intense citrus flavour on the palate. Relatively simple but with depth in this vintage, and good length. (JH) 14.5%

Drink 2023 – 2028

Hajszan Neumann, Steinberg 1ÖTW Grüner Veltliner 2022 Wien 17

Grinzing. Vines at 263–340 m on stony soil. Certified organic and biodynamic (respekt-BIODYN).

Dusty citrus with a hint of spring blossom. Both juicy and mouth-watering, with a nicely dry, chalky texture. Tight but not lean. Marked persistence. One for lovers of precision rather than fullness. (JH) 13%

Drink 2024 – 2030

Samantha Cole-Johnson
